

## The Box of Me...

Of course, we now know from your investigations about the creature who ended up in Grimm & Co, but the next part of the mystery is to learn some more about you.

Inside your pack you will find a special box, called 'The Box of Me'. It has many different parts inside, just like we do. We have lots of different things inside us, thoughts, feelings, emotions, hopes, dreams.

Decorate the outside of the box however you like- patterns, colours, collage- it's up to you! Here are some ideas, but we'd love you to come up with your own.

Then, decorate the inside box by drawing and writing all the bits which make up you, your family, or your friends. You might think about things you like about yourself, things you like to do, or the people in your team.

That's fantastic! You can keep 'The Box of Me' and put anything you like in there, and it's a great place to remember all the amazing things which make you unique too!
