The route from the station to Grimm & Co is tarmac or concrete slab pavement with drop kerbs at crossings.

There is one main exit from the station. When exiting the station, turn right to go down Bridge Street. As you go down this street you will cross two level bridges, over the canal and river. You will pass the Chapel on the Bridge on your left-hand side.

At the end of the Bridge Street, turn right onto Bridgegate, passing The County pub on your right-hand side. Head up towards the Minster (large church building), which stands in front of you, passing the Post Office on your left and McDonalds on your right. There are dropped kerbs to the pedestrianised area.

Turn slightly right at the top, when you arrive at All Saints Square, and turn left to head up the hill with the Minster on your left. The surface here is cobbled, but these are level and smooth. The Heart of Steel will be on your right-hand side.

Continue up past the Imperial buildings on your right where you will see Ministry Café and cross the pedestrianised High Street onto Moorgate Street. Be aware that although this is pedestrianised, delivery vehicles may access this area.

Continue up Moorgate Street towards the Town Hall, a large white building on your left-hand side. Once you arrive here, the area opens out into a square with benches available, and Grimm & Co is the large building on your right, next door to Howells Solicitors, opposite the Town Hall and seated bench area.

There are dropped kerb crossings at both sides of the square to cross to Grimm & Co.

This route is mostly uphill, but there are benches on route if you require a break during the journey.
