## My Voice is a Rabbit

My Voice is a Rabbit  
It is quiet around new people  
And trusting when it comes to friends  
It can be bouncy and energetic  
But there are points when that ends  
It's usually alone  
But feels much safer in a group.

My voice is not a useless whisper or an over-powering shout. Hear my voice.

My voice is a golden retriever  
It leaps in the field  
and jumps on the hills  
and sleeps in the flowers  
and plays with the wonderful wildlife.  
It chases the sticks  
and plays with care  
then rolls in the mud with a lack of flair

My voice is not a useless whisper or an over-powering shout. Hear my voice.

Our voice is a fox  
It avoids contact with others  
But it is playful and vocal  
It can be defensive when confronted  
and violent when needed.

My voice is not a useless whisper or an over-powering shout. Hear my voice.
