# THE OF EASTER

Please enjoy this piece of Creative Genius from young Mortal Beings

Summer  
High in the sky  
Solo on a clear blue stage  
The main character  
No one to subdue  
Her immense fiery light  
he warms the world with her bold, bright rays  
And caresses the luscious green canopy of leaves  
That offer shade and refuge  
To those in need  
From the intensity of her radiance  
Sturdy and reliable, her trunk supports the weight of many  
Lending a branch of advice  
Or a leaf of comfort  
To the people known and unfamiliar  
She strives to please beyond her means  
Bearing the burden for those in need  
Humble and honest,  
With a heart full of love  
She treasures those she is fondest of,  
A Beam of empathy, an embrace of concern  
She gives from her gifts for the sake of the Above  
Working hard she endures the pressure  
To secure a future that will give her pleasure  
Full of confidence and determination  
Showcasing her worth without hesitation  
Patiently awaiting her time to shine  
She accepts the decree of the Divine  
Failure is great  
As when we learn from our mistakes  
Can we enhance our state  
"Grass is green where it's watered"  
What is focused on, Grows  
Her efforts are visibly fruitful, red and ripe  
Reaping what she sowed, as she marvels in delight  
The brown, wooden bench  
Solitary and strong  
Stands beneath the tree Supporting the weight of a young woman of integrity
